The Mill
**People making things happen*

An activity book with a difference.

We have all had to follow rules for the last year!

In these pages you will find there are activities where we encourage you to break the rules. . .

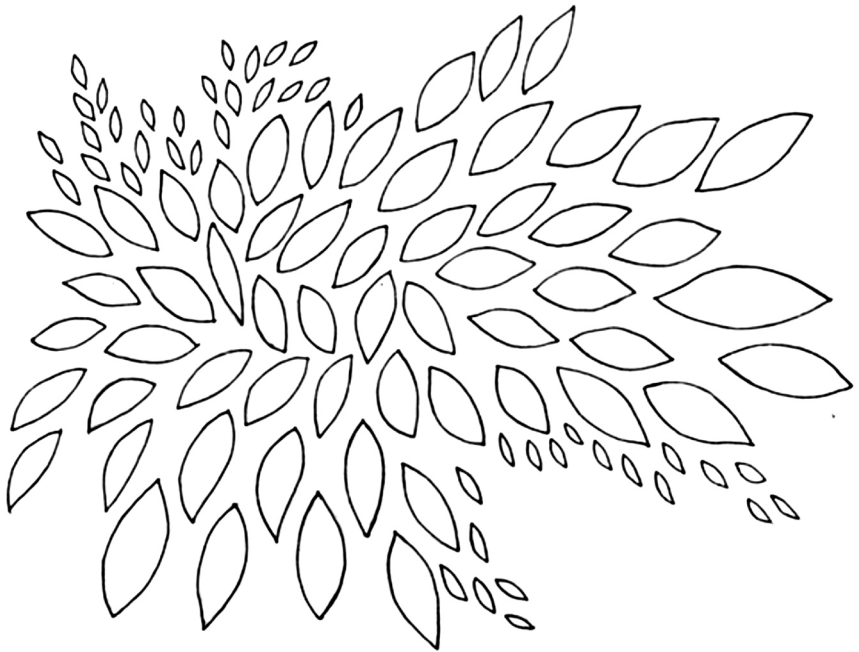

When colouring, go over the lines, just scribble on them, be messy!

Use your senses of sight, sound, touch, smell and taste to guide you - and see what happens if you follow your intuition, or perhaps do completely the opposite. . .

There are suggestions on each page, but you don't have to follow them.

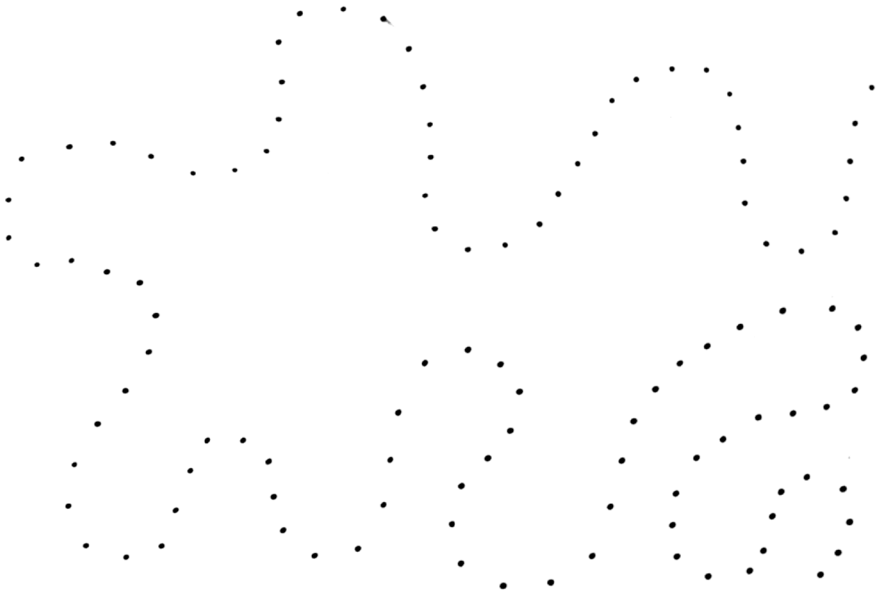

Use colours, marks, collage, anything you like, to complete the pages, but make sure you break the rules.

Enjoy!

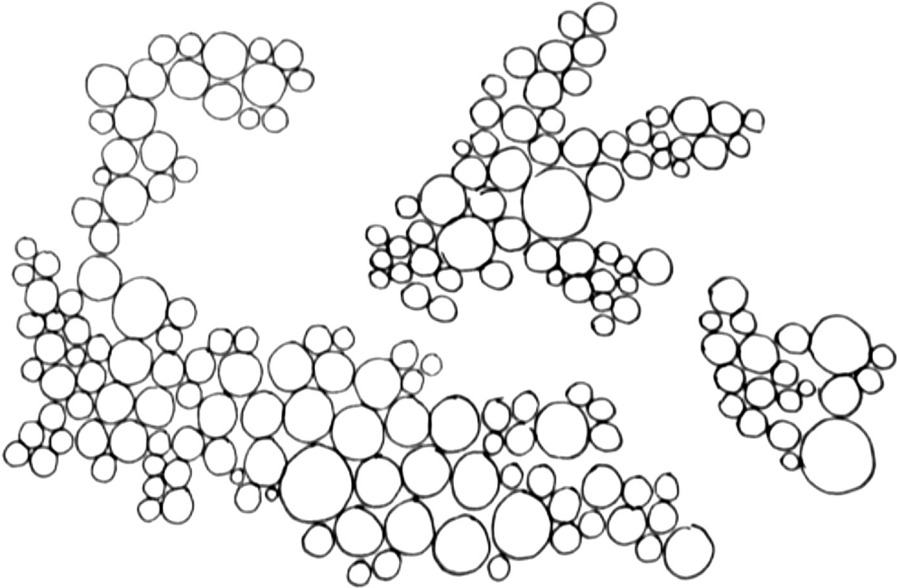

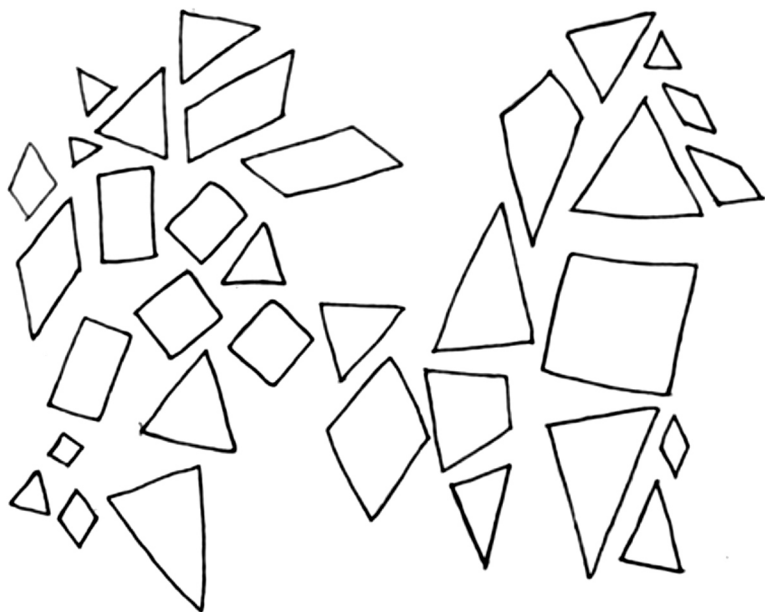

Leaves...?

Join the dots any way you like

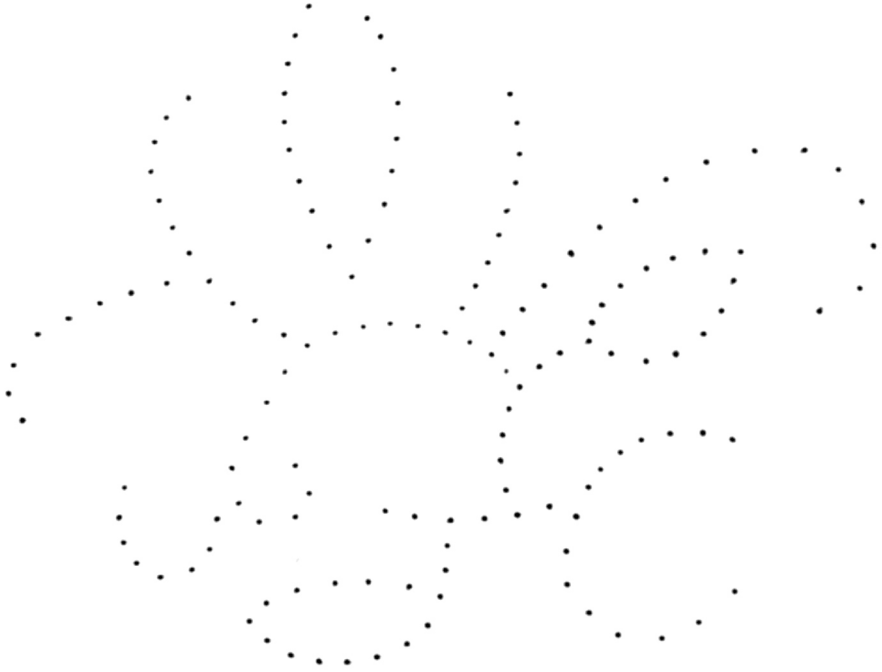

Fill in the gaps with more circles

Make the hard shapes softer

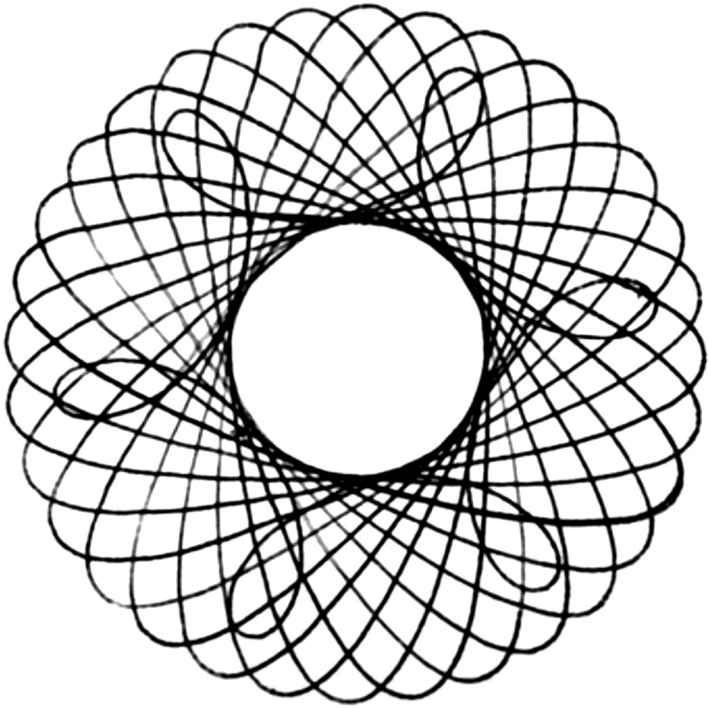

Do you see any shapes here?
Make it into something different

Connect the shapes any way you like

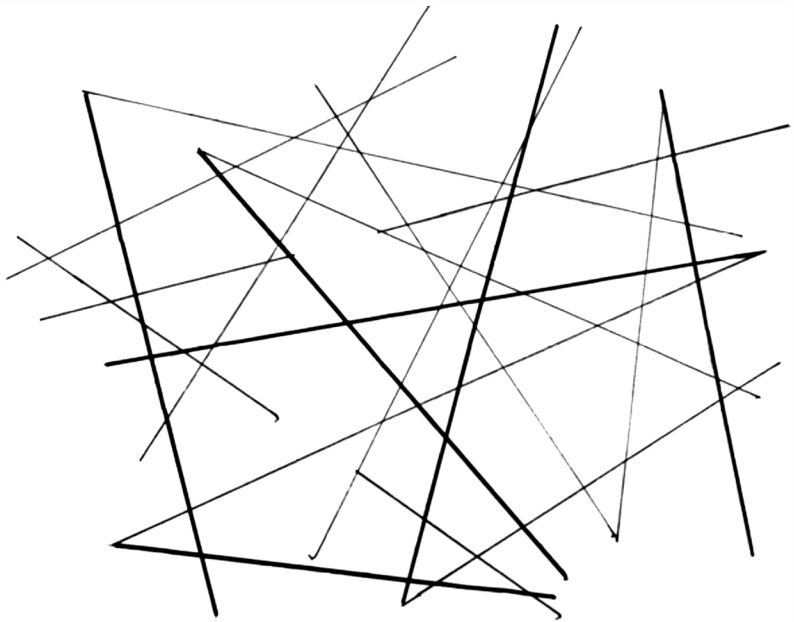

Foliage - make it grow. . .

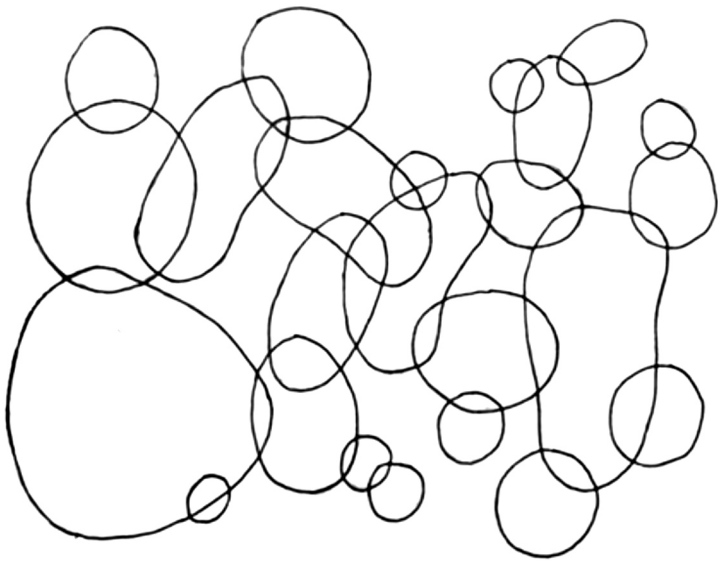

Make it less regular

Add curves

Use overlapping colours
Don't forget to break the rules!

Use this blank page to do whatever you like!
You might want to go online and use one of our
54321 art ideas as inspiration.
